REPORT OF COMMITTEE ON TREADWELL FARM.

The farm has continued under lease to Mr. Dunleigh for the last three years, the lease having been renewed during that time.

The only improvement made since the last report is the driven well near the barn, the supply of water for the stock having been insufficent during the dry seasons we have had in recent years, making it necessary to drive the stock some distance for water, in winter. A four inch well was driven in the bottom of the old well, which has now been in use more than a year, and the supply of water seems to be ample.

The Society has continued to use the farm for its annual fair, and it is an ideal location for such a purpose.

Two very dry seasons and one very wet one, since our last report, have caused short crops on the farm, but with the ground now in good condition, the outlook is better for the coming year.

Following out the suggestion at our annual meeting it is hoped to have some co-operative experiments on the farm the next season.

Committee Treadwell Farm,

Chas. H. Preston, Danvers
Frederick A. Russell, Methuen
